### **Recognition of Citizens**

There were none.

**Mayor Fuller** read the Agricultural and Labor Program, Inc., Proclamation into the record. Executive Director Arlene Dobison accepted it.

Ms. Dobison said it was a pleasure to serve. The program has been in our community since 1968, and it serves families throughout the State of Florida. She shared that the number of families served was closer to 13,000, and they are proud to serve the community. She spoke about being proactive during the government shutdown, saying they did not have to lay anyone off as they were not impacted. She thanked the City of Lake Alfred City Commission and said she was honored to accept the proclamation.

Employee of the Year – Micki Bond

Finance Director Deaton said tonight, we have the privilege of recognizing someone whose presence, dedication, and heart have truly made a difference this year. Micki Bond is more than someone who excels at her work — she is someone who encourages the people around her, makes challenges feel manageable, and reminds us of what it looks like when someone shows up consistently and with care every single day.

She doesn't seek recognition or applause. She does what's right — with humility, kindness, and with a work ethic that inspires the rest of us. Her impact isn't just seen in the results they produces, but in the way she treats others: with patience, respect, and genuine warmth.

The finance department has had a very demanding year. But even in the hardest moments, she brought steadiness, positivity, and a sense of calm that helped all of us keep moving forward. She set a standard not because she tried to outperform anyone, but because she consistently chose to give her best.

Tonight, we get to honor her the way she deserves.

To our Employee of the Year. Thank you for being so dedicated, for leading by example, and for quietly but powerfully making this team better. We are grateful for you, inspired by you, and incredibly proud to celebrate with you. Congratulations — this recognition is well-earned.

Micki Bond thanked Director Deaton for the kind words. She said she looks up to and admires her director. She thanked the city manager, the city commission, the directors, and her coworkers, saying this has been an incredible honor. She concluded by saying she is committed to serving the city.

Eric DeHaven of the Polk Regional Water Cooperative presented on the alternative water supply.

### **Presentation Overview**

- Provided an overview of the history of the Polk Regional Water Cooperative
- Reviewed the two selected projects for alternative water supply

- Restrictions on the upper Floridan Aquifer
- Composition of the lower Floridan Aquifer
- 2024 actual water usage and committed amounts of lower Floridan water
- Future alternative water supply options
- The funding sources for both alternative water supply projects
- Costs to each member of the cooperative

During the presentation, the city commission discussed prioritizing water conservation in order to preserve the City's available resources, the price for cities that want to join later, and the ability for municipalities to swap allocations. Further conversations focused on the depth of the wells into the lower Floridan, reverse osmosis treatment, and water reuse options.

Eric DeHaven provided his professional background, saying he has been a geologist since 1992 and has worked with the Polk Regional Water Cooperative for the past four years.

**Vice Mayor Daley** asked how we would know for sure whether it could be treated and whether there would be any health effects. It was shared that the PH was 7-8, which is typical of water around limestone, and that reverse osmosis has already been proven to work.

A brief discussion ensued about the water cycle, potential regulatory changes, the City of Lake Alfred's proactive conservation efforts by implementing the WaterStar standard before growth occurred, and the effectiveness of tiered pricing in conservation.

The City Commission thanked Eric DeHaven for the presentation.

**Mayor Fuller** presented the Consent Agenda.

The City Manager announced that, at the applicant's request, the Developer's Agreement for Lowery Hills Upsize has been removed from the consent agenda.

**Consent Agenda:**

- 1.) City Commission Meeting Minutes for November 17, 2025
- 2.) City Commission Announcements
- 3.) 2026 Public Meeting and Holiday Schedule
- 4.) Board Appointments and Re-appointments

The City Clerk inserted the analyses for the consent agenda items 3, 4, and 5. The Commission will consider approving the schedule for the City Commission, Planning Board and Zoning Board, Parks and Recreation Board, Special Magistrate Code Enforcement Hearings, School Zone Speed Enforcement, General Employees Retirement Board, and the Police and Firefighters Retirement Board.

This proposed schedule is consistent with the adopted 2025 public meeting schedule, and the September City Commission dates may change based on budget hearing requirements.

Notable changes for the City Commission include:

- Removed the second meeting in January
- Removed the first meeting in June

- Removed the first meeting in July
- Removed the second meeting in December

Board Appointments

**Analysis:** The City maintains various boards that are essential to and benefit the City, including the Retirement, Planning and Zoning, and Parks & Recreation boards. Most members are appointed and approved by the City Commission. All board members under consideration for appointment or re-appointment have been contacted and have agreed to serve.

**Planning and Zoning Board – 3-year terms**

**Mayor Fuller** presented the first item of business.

- 1.) Public Hearing: Ordinance 1569-25: EAR-Based Amendments to the Comprehensive Plan.

The city attorney read the title of Ordinance 1569-25 into the record.

The city manager presented the analysis. Section 163.3191 Florida Statutes requires that every seven years an evaluation of local government comprehensive plans be conducted to determine whether updates are needed to remain aligned and in compliance with statutory requirements and changing conditions. The Evaluation and Appraisal Report (EAR) identifies those needs, and the EAR-based amendments implement formal changes to the Comprehensive Plan.

The EAR process includes two phases: 1) the Evaluation and Appraisal Report, and 2) the EAR-Based Amendments.

The first phase of the process is to complete an Evaluation and Appraisal Report, and the second phase is to update the Comprehensive Plan based on a review of changes since the last amendment. This process, which is referred to as the “EAR-Based Amendment Process”, is currently underway. The last Evaluation and Appraisal was conducted in 2018.

On March 3, 2025, the City of Lake Alfred City Commission approved a Planning Advisory Services Agreement with the Central Florida Regional Planning Council to evaluate and propose changes to the City’s 2030 Comprehensive Plan. One public workshop was held on June 30, 2025, at the First Baptist Church of Lake Alfred to gather public input. The proposed amendments are for statutory compliance only, without any substantive recommendations, due to Senate Bill 180.

- Planning horizon 2050
- Statutory compliance only due to SB180
- The Right to Farm Act was addressed
- Measurable targets removed
- Updated maps
- The Basin Action Management Plan was addressed
- Added definitions

Upon approval of first reading, this ordinance will be transmitted to the Florida Department of Commerce for review under the State Coordinated Review process.

The staff recommends approval for Ordinance 1569-25 on first reading.

Marisa Barmby, Program Manager and Planning and Research with the Central Florida Regional Planning Council, presented on the proposed comprehensive plan amendments.

#### Overview of Presentation

- Reviewed the purpose of the Comprehensive Plan.
- Reviewed the State Statutes governing the Evaluation and Appraisal Report (EAR).
- Provided an overview of Senate Bill 180 and the restrictions with updates to the Comprehensive Plan.
  
- The Comprehensive Plan’s proposed amendments were updated for compliance with the Florida State Statutes, Horizon to 2050, timing-related policies, and agency names.
- Reorganized the elements in the Comprehensive Plan to coincide with the order in which they appear in the Florida Statutes.
- Targeted measures were removed from the elements.
- Added introductions to each element.
- Reviewed each element and the proposed changes.

During the presentation, the City Commission discussed the affordable housing definition, assigning Future Land Use and Zoning designations to Hilochee Wildlife Management when the window opens from Senate Bill 180, and adding the historical designations to the Alexander Mackay Bridge and the Mackay home before transmittal.

**Mayor Fuller** opened the public hearing and, seeing no one, he closed it.

**Commissioner Eden** moved to approve Ordinance 1569-25 EAR Based Amendments on the first reading transmittal hearing. **Commissioner Dearmin** seconded the motion, which was unanimously approved.

**Mayor Fuller** introduced the next business item into the record.

## 2.) Ordinance 1570-25: Election Dates

The City Attorney read the title of Ordinance 1570-25 into the record.

The city manager presented the analysis. On November 17, 2025, the City Commission provided a consensus to bring back an ordinance for consideration to move the April elections to November in the odd-numbered years. The change would align the City with the municipal practices of other Polk County cities, reduce administrative workload, and generate long-term cost savings for the City. The costs for conducting an election vary depending on whether a referendum is on the ballot, but typically range from \$6,000 to \$7,500 per election.

Across Polk County, four municipalities have biennial elections to reduce costs and increase voter engagement. The City of Lake Alfred has had an average voter turnout of 12% for the last two elections, compared to 18% in the biennial elections. Those cities with biennial elections are Lakeland, Auburndale, Fort Meade, and Winter Haven.

Upon approval of the Ordinance, the seated City Commissioners will have their terms adjusted to align with the 2027 November Municipal Election cycle. One Commissioner would be extended for approximately 18 months, while the remaining seats would be extended for approximately 7 months.

The City Commission discussed holding a special election in April of 2027 to address the City Commission's request for a Charter Referendum to establish voting by seats.

The staff recommendation is at the City Commission's pleasure.

**Mayor Fuller** opened the floor to public comments and, seeing no one, he closed it.

**Vice Mayor Daley** said that this change to November would mean that a city commissioner election would not be held for almost 2 years. She shared that someone approached her and said, "If it isn't broken, don't fix it." She doesn't have an issue with leaving it until April.

**Commissioner Eden** said he agrees with the November alignment.

**Commissioner Robinson** said he agreed with the alignment in November in order to get increased voter turnout and participation, and he is also in favor of a Charter Amendment to run by seats.

The city attorney stated that certain jurisdictions were not changing the date(s) of and/or for the municipal elections to November of odd-numbered years.

The city staff shared that, if the desire were to align with the November elections, even the City had an election in April of 2026, the city commissioner on that election cycle would still need to be extended for an additional eighteen months. It would have to happen either at the front end or the back end, given the structure of our election cycle.

A brief discussion ensued, about 50% of all cities that responded to the City Clerk’s poll said they were interested in moving the elections to November in and/or for odd-numbered years. This is the first reading of the ordinance, and this ordinance will come back in January for second reading and adoption public hearing.

**Commissioner Eden** moved to approve Ordinance 1570-25 regarding Election Dates on the first reading. **Commissioner Robinson** seconded the motion.

The vice mayor requested a roll call vote, and the city clerk conducted it.

Mayor Fuller	AYE
Vice Mayor Daley	NAY
Commissioner Eden	AYE
Commissioner Dearmin	AYE
Commissioner Robinson, Jr.	AYE

Motion carried 4:1.

**Mayor Fuller** presented the next item of business for consideration.

### 3.) Ordinance 1571-25: Condominiums and Cooperative Associations

The City Attorney read the title of Ordinance 1571-25 into the record.

The City Manager presented the analysis. Section 553.889(11), Florida Statutes, establishes a new statutory requirement for every municipal governing body in Florida, including the City of Lake Alfred, to adopt a local ordinance implementing mandated repair timelines for certain residential buildings that undergo mandatory structural inspections by January 1, 2026.

This legislation strengthens statewide building safety protocols by ensuring that when substantial structural deterioration is identified through a phase two inspection report, corrective actions are initiated promptly to protect residents, property, and public safety.

Condominium associations, cooperative associations, and any other owners of buildings subject to Section 553.889, Florida Statutes, including multifamily residential buildings of three stories or more that fall under the state’s milestone inspection requirements, are all covered by the ordinance requirements.

This ordinance is presented to comply with these statutory requirements and will be presented at the January 5, 2026, City Commission meeting on the second and final reading.

The staff recommends approval for Ordinance 1571-25 on the first reading.

**Mayor Fuller** opened the floor to public comments, but seeing no one, he closed it.

**Commissioner Eden** asked if there was any legislation anticipated for Homeowners Association, and the city attorney responded that he would keep the city updated on any bill summaries coming forward.

**Commissioner Dearmin** moved to approve Ordinance 1571-25: Condominiums and Cooperative Associations on the first reading. **Commissioner Eden** seconded the motion, which was unanimously approved.

**Mayor Fuller** introduced the next item of business.

#### 4.) Ordinance 1572-25: Certified Recovery Residences

The City Attorney read the title of Ordinance 1572-25 into the record.

The city manager presented the analysis. Last year, the Florida Legislature enacted SB 954 (Gruters) regarding certified recovery residences, establishing uniform statewide standards for how local governments must process requests for reasonable accommodations in residential zoning districts. Certified recovery residences provide housing and supportive living environments for individuals recovering from substance use disorder, and the legislation was designed to ensure consistency, transparency, and compliance with federal fair housing requirements.

Under SB 954, counties and municipalities are required to adopt local ordinances by January 1, 2026. These ordinances must establish clear, objective procedures for reviewing and approving reasonable accommodation requests submitted by certified recovery residences seeking to locate within residentially zoned neighborhoods. The legislation further mandates that such requests be processed within 60 days to prevent undue delays.

In addition, SB 954 restricts local government authority by prohibiting the imposition of additional public hearing requirements beyond those already required by law to grant the accommodation. This provision is intended to ensure that the approval process remains administrative, timely, and compliant with federal and state fair housing protections.

This ordinance is presented to comply with these statutory requirements and is anticipated to be presented at the January 5, 2026, City Commission meeting on the second and final reading. The proposed language represents a draft on first reading. Staff will continue to review the proposed language and will include any corrections or amendments for the second and final reading.

The staff recommendation is to approve Ordinance 1572-25 on first reading.

**Mayor Fuller** opened the floor to public comments, but seeing no one, he closed it.

**Commissioner Robinson** moved to approve Ordinance 1572-25: Certified Recovery Residences on first reading. **Commissioner Eden** seconded the motion, which was unanimously approved.

#### 5.) Resolution 31-25: Employee Manual and Personnel Handbook Amendment

The city attorney read Resolution 31-25 into the record.

The city manager presented the analysis. The employee handbook details the personnel policies, benefit programs, and rules for City employees. The last formal review of the Personnel Manual was conducted in February 2025, and the revised Personnel Manual was adopted by Resolution 04-25 on February 17, 2025.

Regular review and maintenance of the personnel manual and employee handbook are essential to support consistent management practices and to provide employees with clear guidance on workplace expectations. The February 2025 update serves as the City's most current framework for employee relations, and the notable changes in the proposed amendment include:

- Established a Civil Rights Coordinator
  - Required for Growers Grant through DEP
- President's Day as a City Holiday
  - Added to be consistent with the Polk School Holiday schedule
- Defined workweek from Monday to Sunday
  - Clarification
- Fleet & Capital Equipment Tracking
  - Acknowledges the practice
- City Issued Cell Phones
  - Moves departmental policy into the handbook
- Vehicle Safety
  - Clarifies within the handbook
- Accrual of Personal Day
  - Moves accrual to January 1<sup>st</sup> instead of October. New employees hired immediately after the start of the fiscal year (which is when we hire for new positions were missing out on the accrual).
- Unused Sick Leave
  - Keeps the 50% payout upon separation but removes the cap. Minimal expense (only three employees above the current cap) after decades of tenure.
    - The 50% reduction solves for the substantive issue already; the cap itself rarely ever comes into play and just clips long-term employees who have given good service to the City for decades (and that rarely take time off).

**Mayor Fuller** opened the floor to public comments, but seeing no one, he closed it.

There was no discussion from the City Commission.

**Commissioner Dearmin** moved to approve Resolution 31-25: Employee Manual and Personnel Handbook. **Vice Mayor Daley** seconded the motion, which was unanimously approved.

#### 6.) Purchase: Brush Truck

The city manager presented the analysis. This request is to purchase a 2025 Tesla Cybertruck to enhance the Fire Department's operational capabilities. This vehicle will serve multiple critical roles, including:

- Brush Truck: Equipped with a 150-gallon water tank to support firefighting in wildland, brush, and rural areas.
- Command Vehicle: Serving as a mobile command for on-scene incident management.
- Rescue Unit: Available for emergency response and rescue operations.
- Mobile Energy Source: The vehicle's battery system can power equipment and meet emergency needs for up to 12 hours, including acting as a generator during power outages.

- **Public Education Vehicle:** Supporting community outreach and fire safety education programs.

This is a single-source/sole-source purchase directly from Unplugged Performance, an associate and/or affiliate of the Tesla Corporation.

This item has been included in the Capital Improvement Program since FY 20/21 and was slated for funding in FY 27/28 for \$150,000. Staff is requesting to advance the purchase to the current fiscal year and public safety program funds are available to fund the request.

The staff recommends approval of the purchase of the 2025 Tesla Cybertruck from Unplugged Performance for the amount of \$131,787.

**Fire Chief Livingston** spoke about this purchase being a leader in the municipal realm, about being good stewards of taxpayer dollars, the warranty, the ease of maintenance, and its multiple uses. He shared that Tesla was adding about \$40,000 in equipment, and we were the first pilot public safety vehicle in the Nation.

**Mayor Fuller** opened the floor to the public for comments.

**Carson Parris** and his siblings at 1626 Newfoundland Drive shared their story about an electric vehicle (EV) that broke down, leaving them stranded.

**Mayor Fuler** closed the floor to public comments.

**Fire Chief Livingston** responded and spoke about the vehicle warranties, noting that we went with the best company in the electric vehicle industry.

**Vice Mayor Daley** said she has long been a proponent of electric vehicles and was pleased that the software updates occurred overnight.

**Vice Mayor Daley** moved to approve the EV Purchase from Unplugged Performance in the amount of \$131,787. **Commissioner Eden** seconded the motion, which was unanimously approved.

TITLE: \_\_\_\_\_

DATE: \_\_\_\_\_

1. DRAWINGS, SPECIFICATIONS, AND OTHER REQUIRED DATA

The Client or a duly authorized representative, is responsible for providing CCR with a clear understanding of the project nature and scope as is reasonably known to the Client. The Client shall supply CCR with sufficient and adequate information, including, but not limited to, maps, site plans, reports, surveys, and designs, to allow CCR to properly complete the specified services. The Client shall also communicate changes in the nature and scope of the project as soon as possible during the performance of the work so that the changes can be incorporated into the work product.

Prior to starting work, CCR will request from Client data reasonably required for submittal purposes for the repair/modification/coating of the aforementioned structure(s), including any available computations, detailed drawings, and specifications. If, in the opinion of CCR, adequate data is not available or is incomplete, Client will be informed, and arrangements made for creation of needed data. CCR will not perform engineering studies or perform work requiring professional engineering duties but will assist Client in obtaining such services.

2. INSURANCE

CCR represents and warrants that it and its agents, staff, and Consultants employed by it is and are protected by worker's compensation insurance and that CCR has such coverage under public liability and property damage insured policies, which CCR deems to be adequate. Certificates for all such policies of insurance shall be provided to the Client upon request in writing. Within the limits and conditions of such insurance, CCR agrees to indemnify and save Client harmless from and against loss, damage, or liability arising from negligent acts by CCR, its agents, staff, and consultants employed by it. CCR shall not be responsible for any loss, damage or liability beyond the amounts, limits, and conditions of such insurance. The Client agrees to defend, indemnify, and save CCR harmless for loss, damage, or liability arising from acts by Client, Client's agent, staff, and other consultants employed by Client. Any bond requirement(s) by Client will carry an additional cost unless the parties agree otherwise.

3. BACK CHARGES AND CLAIMS FOR EXTRAS

No claim for extra services rendered or materials furnished will be valid by either party unless written notice thereof is given during the first ten days of the calendar month following that in which the claim originated. CCR's claims for extras shall carry 30% for overhead and 10% for profit. Any mutually agreed upon deductive change order will provide only a credit for 10% profit but will not provide a credit for 30% overhead.

4. LIMIT ON INDIVIDUAL LIABILITY OF DESIGN PROFESSIONAL

**LIMITATION ON INDIVIDUAL LIABILITY OF DESIGN PROFESSIONAL - TO THE EXTENT PERMITTED BY LAW, AN EMPLOYEE, AGENT, DESIGN PROFESSIONALS, OR ENGINEERS EMPLOYED BY CCR SHALL NOT BE INDIVIDUALLY LIABLE FOR NEGLIGENCE OCCURRING WITHIN THE COURSE AND SCOPE OF EMPLOYMENT WITH CCR UNDER THIS PROPOSAL TO AN OWNER, CONTRACTOR, SUBCONTRACTOR, OR TO ANY THIRD PARTY CLAIMING BY AND THROUGH THESE PARTIES.**

5. ASSIGNMENT AND THIRD PARTIES

Neither the Client nor CCR may delegate, assign, sublet or transfer their duties or any interest in this Proposal without the written consent of the other party. Both parties agree there are no intended third-party beneficiaries to this Proposal, including other contractors or parties working on the project, or, if necessary, a surety of CCR.

6. LABOR

If CCR is required to employ persons of an affiliation desirable to the Client, or other contractor employed by him or the general contractor thereby resulting in increased costs to us, the contract price shall be adjusted accordingly. Such requirement shall not provide that CCR sign a contract with any labor organization. In the event of a labor stoppage, we shall not be in default or be deemed responsible for delay of the progress of this contract or damage to the Client or the contractor so long as CCR has sufficient qualified employees available to perform the scope of work.

Our proposal is based on our crew performing our Scope of Work in accordance with our standard safety program. If any additional safety requirements are placed on us (not required by OSHA) such as: site training, additional safety equipment, or permit-required confined space, the cost for such additional requirements plus 30% for overhead shall be reimbursed to us.

This proposal is predicated on open-shop labor conditions, using our own personnel.

7. SCHEDULE, COMMENCEMENT, AND DELAYS

If the readiness of the project site or conditions do not allow efficient execution of our work on or before the Anticipated Construction Start Date our contract price will increase \$200.00 per man hour of crew delay until other productive work can be scheduled for the assigned crew.

Schedule changes not caused by CCR, including but not limited to delays to the Anticipated Construction Start Date, additional mobilizations and demobilizations not included in the original price, and other delays that impact CCR and cause actual additional costs shall be equitably compensated via change order procedures for time and price.

It is agreed that we shall be permitted to execute our work without interruption. If delayed at any time for a period of 24 hours or more by an act or neglect of the owner, his representative, or other contractor employed by him, or by the general contractor, or by reason of any changes ordered in the work, we shall be reimbursed \$200.00/manhour until the crew is able to resume work on the project. Any additional remobilizations will be reimbursed to CCR.

In the event an agreement apart from this proposal is preferred, such agreement shall include this Proposal and all the conditions herein unless both parties agree in writing to specifically omit any condition.

8. PAYMENTS

Periodic and final payment, including any retention, shall be made within net 30 days of sufficient invoice from the date our work is completed, or the billing is received, or in accordance with applicable state Prompt Payment law, whichever is earlier, and is to be received by us in our accounting office at 250 SW 36<sup>th</sup> Terrace, Gainesville, Florida 32607. All costs for third-party contracts and billing management services, or use of any software, as may be required by the Client or Owner, will be added to the Contract Price by change order. Final payment

shall not be held due to delays in testing. Payment not received by that date will be considered past due and will be subject to a late payment charge of 1½% per calendar month, or any fraction thereof until received in our office.

If CCR does not receive payment within 30 days after such payment is due as defined herein, CCR may give notice, without prejudice to and in addition to any other legal remedies and may stop work until payment of the full amount owing has been received. The Proposal Amount and Time shall be adjusted by the amount of CCR's reasonable and verified cost of shutdown, delay, and startup, which shall be effected by an appropriate change order.

Any reasonable legal or other expense necessary for the enforcement of this Proposal or for the collection of monies due shall be borne by the party at fault. If sales tax is excluded from our price, or on materials contained in our price, in accordance with project specifications, such exclusion is subject to receipt of adequate tax exemption documents from you or the project owner prior to commencement of Work to allow for our application of same. If proper tax exemption documentation is not received or is not adequate to provide exemption, we reserve the right to receive reimbursement of all sales tax CCR is obligated to pay due to the tardiness, lack of, or inadequate exemption documentation on behalf of you or the owner.

A surcharge of 4% will be added to all credit card payments.

10% of the contract price will be invoiced upon submittal for approval of detailed design, structural calculations, and signed and sealed shop drawings submittals.

9. DISPUTE RESOLUTION

In the event of a controversy or claim related to this Proposal, then the Parties will engage in high-level management discussions within five (5) days of written notice to the other Party. If the issues remain unresolved, then the Parties will engage in Mediation per AAA Construction Industry Mediation Rules in the State of the place of the Project, unless an alternative location is agreed upon by the Parties in writing. The mediation shall be convened within thirty (30) days of a Party's mediation request. Each Party shall be responsible for their own attorneys' fees for the mediation; and the mediator costs shall be shared equally by the Parties. If the matter still remains unsettled after submission to mediation, the Parties may engage in litigation in the state or federal court having jurisdiction in the location of the Project, and the laws of State of the Place of the Project shall control jurisdiction, unless otherwise agreed to by the Parties in writing. The Prevailing Party shall be entitled to reasonable attorneys' fees and costs from the Non-Prevailing Party, upon an award of the Court.

10. CHANGES IN SCOPE AND LIMITATIONS

If the Client wishes to have CCR perform any additional repairs or remediation of the tank(s)/structure(s) or accessories, it shall authorize such work in writing and pay CCR its standard rates for such work.

It is agreed that CCR shall not be responsible for any consequential, special, or delay damages, or any force majeure events, including but not limited to acts of God and pandemic. CCR does not assume responsibility for differing, latent, or concealed conditions which differ materially from those indicated in the Subcontract/Contract documents or from those ordinarily found to exist and not inherent in the Work, including but not limited to weather or subsurface conditions, and not caused by CCR's fault or negligence.

11. TERMINATION

This agreement may be terminated by either party upon seven (7) days' written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof. Such termination shall be effective if that substantial failure has been redeemed before the expiration of the period specified in the written notice. In the event of termination, CCR shall be paid for services performed to the termination notice date plus reasonable termination expenses.

In the event of termination, or suspension for more than three (3) months prior to completion of all work contemplated by the proposal, CCR may complete such analyses and records as necessary to complete their files and may also complete a report on the services performed to the date of notice of termination or suspension. The expense of termination or suspension shall include all direct costs of CCR in completing such analyses, records, and reports if necessary.

12. WARRANTY

CCR will warranty its workmanship and materials on its work covered in this Proposal for a period of one year after completion of its work. Prior to leaving the location, CCR personnel will perform a walk-through with the responsible party overseeing our work for the Client. The warranty will begin on the date of the final walk-through, date of signed certificate of completion, or date of CROM's final invoice, whichever occurs first. In case any defects in CCR's workmanship or materials appear within the one-year period after completion and acceptance of CCR's work, CCR shall promptly make repairs at its own expense upon written notice by the Client that such defects have been found. CCR's warranty is limited to defects in CCR's workmanship and materials, excluding active leak repairs, inspections, cleaning, and disinfection services ("Services"). CCR shall endeavor to perform these Services with that degree of care and skill ordinarily exercised under similar circumstances by contractors practicing in the same discipline at the same time and location. CCR shall not be responsible for, nor liable for, delamination of previous coatings application, any ordinary wear and tear, or for damage caused from negligent or inappropriate use or by any other entity beyond our control, including but not limited to modifications, work, or repairs by others.

**4.) City Admin Expansion: Furniture Purchase**

---

**Attachments:** Quotes

**Analysis:** The City of Lake Alfred's Finance and Community Development Departments will soon be relocating to the former bank building. The new facility will need to be furnished with new desks, chairs, credenzas, filing cabinets, lobby seating, and a conference room table. Historically, the City of Lake Alfred has worked with Office Furniture Depot because they can provide furniture at the State Contracted price. The City obtained four quotes for different combinations of furniture quality.

1. Option 2 – Laminate	\$ 97,744.86
2. Option 4 – Laminate/Veneer	\$102,809.22
3. Option 3 – Veneer/Laminate	\$129,379.12
4. Option 1 – Veneer	\$181,052.70

The staff recommends approval to purchase Laminate/Veneer Option 4 for \$102,809.22. This option offers the most cost-effective purchase while preserving the conference room table's durability and aesthetic by upgrading it to Veneer.

**LAKE ALFRED CITY COMMISSION**  
**JANUARY 5, 2026**

---

**1.) Public Hearing: Ordinance 1570-25: Election Dates**

---

**Issue:** The City of Lake Alfred will consider an ordinance to move the election dates from April to November in odd-numbered years.

**Attachments:**

- Ordinance 1570-25 with exhibit "A"

**Analysis:** On November 17, 2025, the City Commission provided a consensus to bring back an ordinance for consideration to move the April elections to November in the odd-numbered years. The ordinance was approved on first reading on December 1, 2025, by the City Commission on a 4:1 vote. The Supervisor of Elections Office requested the date change.

Across Polk County, four municipalities have biennial elections to reduce costs and increase voter engagement. The City of Lake Alfred has had an average voter turnout of 12% for the last two elections, compared to 18% in the biennial elections. Cities with biennial elections include Lakeland, Auburndale, Fort Meade, and Winter Haven.

If approved, the seated City Commissioners will have their terms adjusted to align with the 2027 November Municipal Election cycle. One Commissioner would be extended for approximately 18 months, while the remaining seats would be extended for approximately 7 months. The city staff anticipates a special election in April of 2027 to address the City Commission's request for a Charter Referendum to establish voting by seats.

The proposed ordinance passed on first reading 4-1 and is being presented for second and final reading.

**Staff Recommendation:** Pleasure of the City Commission.

**ORDINANCE NO. 1570-25**

**AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF LAKE ALFRED, FLORIDA AMENDING SECTION 4.05(a) AND (d) ELECTIONS, AND SECTIONS 2.05(c) AND 2.07 WHICH ARE RELATED ELECTION CROSS REFERENCES IN THE CHARTER OF THE CITY OF LAKE ALFRED, FLORIDA, REGARDING ELECTIONS TO CHANGE THE DATE AND YEAR FOR THE ELECTION OF CITY COMMISSIONERS TO THE FIRST TUESDAY AFTER THE FIRST MONDAY IN NOVEMBER, IN ODD-NUMBERED YEARS COMMENCING IN NOVEMBER, 2027 AND ALLOWING FOR EXTENSION IN TERMS OF CITY COMMISSIONERS IN OFFICE AT THE TIME OF THE ADOPTION OF THIS ORDINANCE AS A RESULT OF THE CHANGE IN THE DATE AND YEAR OF REGULAR MUNICIPAL ELECTIONS WITHIN THE CITY OF LAKE ALFRED; ESTABLISHING THE 2027 ELECTION DATE AND ELECTION DATES THEREAFTER FOR THE CITY OF LAKE ALFRED REGULAR MUNICIPAL ELECTIONS; PROVIDING FOR THE INCORPORATION OF FACTUAL RECITALS; REPEALING ALL ORDINANCES IN CONFLICT HEREWITH; PROVIDING FOR THE ADMINISTRATIVE CORRECTION OF SCRIVENER'S ERRORS; PROVIDING FOR CODIFICATION; PROVIDING FOR SEVERABILITY; PROVIDING FOR A BUSINESS IMPACT ESTIMATE; AND PROVIDING FOR AN EFFECTIVE DATE UPON FINAL PASSAGE.**

**WHEREAS**, the City of Lake Alfred (the "City") is a Florida municipal corporation vested with home rule authority pursuant to the Municipal Home Rule Powers Act (F.S. Chapter 166) and Article VIII, §2 of the Florida Constitution; and

**WHEREAS**, pursuant to Section 2(b), Article VIII of the Florida Constitution and Chapter 166, Florida Statutes, the City is vested with governmental, corporate and proprietary powers to enable it to conduct municipal government, perform municipal functions, and render municipal services, including the general exercise of any power for municipal purposes; and

**WHEREAS**, as provided in *Section 166.021(3), Florida Statutes (2024)*, the governing body of each municipality in the state has the power to enact legislation concerning any subject matter upon which the state legislature may act, except when expressly prohibited by law; and

**WHEREAS**, the Polk County Supervisor of Elections has proposed and/or offered the opportunity for all municipal elections within Polk County, Florida, to be held on the first Tuesday after the first Monday in November of odd-numbered years; and

**WHEREAS**, the first Tuesday after the first Monday in November has traditionally been associated with elections at the State and National levels; and

**WHEREAS**, four (4) municipalities within Polk County, Florida, two (2) of which are the largest municipalities within Polk County, Florida, already conduct and hold their

regular municipal elections on the first Tuesday after the first Monday in November of odd-numbered years; and

**WHEREAS**, the City Commission has determined that it desires for the Supervisor of Elections to continue to handle all of its elections and has further determined that its elections can conveniently be held in November of every odd-numbered year, which allows the City to conserve costs potentially and may encourage a larger voter turnout; and

**WHEREAS**, on April 10, 1994, the Florida Attorney General issued *Attorney General Opinion 94-31* concluding that a municipal corporation could not amend its charter by ordinance to provide for a change in the date on which municipal elections would occur and, as a result of the same, extend the terms of the sitting officers affected by the change; and

**WHEREAS**, in or about 1995, in response to *Florida Attorney General Advisory Legal Opinion 94-31*, the Florida Legislature introduced *Chapter 95-178, Laws of Florida*, which amended *Section 166.021 of the Florida Statutes* to provide, in pertinent part, as follows:

[N]othing in this act shall be construed to permit any changes in a special law or municipal charter which affect ... the terms of elected officers and the manner of their election **except for the selection of election dates and qualifying periods for candidates and for changes in terms of office necessitated by such changes in election dates**, ... without approval by referendum of the electors as provided in s. 166.031....

**WHEREAS**, *Chapter 95-178, Laws of Florida*, also created *Section 100.3605 of the Florida Statutes* which provides, in pertinent part, as follows:

The governing body of a municipality may, by ordinance, change the dates for qualifying and for the election of members of the governing body of the municipality and provide for the orderly transition of office resulting from such date changes.

**WHEREAS**, *Florida Attorney General Advisory Legal Opinion(s) 2000-61* and *2003-52* interpret *Section 100.3605(2), Florida Statutes*, and conclude that the legislative intent of this statutory provision indicates that municipalities are authorized to amend their Charters to change the election dates and qualifying periods for candidates, including any changes in terms of office necessitated by such amendment, without a referendum; and

**WHEREAS**, *Section 100.3605(2), Florida Statutes (2025)*, allows the governing body of a municipality **by ordinance** to change the dates for qualifying and for the election of members of the governing body of the municipality; and

**WHEREAS**, for purposes of this **Ordinance No. 1570-25**, the City Commission has determined that the said change of date of and/or for the City of Lake Alfred's elections necessitates a change in the dates for seating of newly-elected commissioners and an extension of the terms for City Commissioners in

office at the time this **Ordinance No. 1570-25** is passed and duly adopted; and

**WHEREAS**, the City Commission of the City of Lake Alfred, Florida, finds that the approval and adoption of this **Ordinance No. 1570-25** is intended to enhance the present advantages that exist within the corporate limits of the City of Lake Alfred, Florida; is consistent with the public interest; and this **Ordinance No. 1570-25** is intended to promote, protect, and improve the public health, safety, and general welfare of the citizens and residents of the City of Lake Alfred, Florida.

**NOW THEREFORE, BE IT ENACTED BY THE PEOPLE OF THE CITY OF LAKE ALFRED, FLORIDA, AS FOLLOWS:**

**Section 1. Incorporation of Recitals.**

The above-referenced factual recitals (WHEREAS clauses) and referenced exhibits are incorporated herein as true and correct statements which form a factual and material basis for the adoption of this **Ordinance No. 1570-25**, and the City Commission of the City of Lake Alfred, Florida (the "City Commission"), hereby adopts the above-referenced factual recitals as the legislative findings supporting the adoption of this **Ordinance No. 1570-25**.

**3.) Public Hearing: Ordinance 1572-25: Certified Recovery Residences**

---

**Issue:** The City of Lake Alfred will consider an ordinance related to condominiums and cooperative associations.

**Attachments:**

- Ordinance 1572-25 with exhibit "A"

**Analysis:** Last year, the Florida Legislature enacted SB 954 (Gruters) relating to certified recovery residences, establishing uniform statewide standards for how local governments must process requests for reasonable accommodation in residential zoning districts. Certified recovery residences provide housing and supportive living environments for individuals recovering from substance use disorder, and the legislation was designed to ensure consistency, transparency, and compliance with federal fair housing requirements.

Under SB 954, counties and municipalities must adopt local ordinances by January 1, 2026. These ordinances must establish clear, objective procedures for reviewing and approving reasonable accommodation requests submitted by certified recovery residences seeking to locate within residentially zoned neighborhoods. The legislation further mandates that such requests be processed within 60 days to prevent undue delays.

In addition, SB 954 restricts local government authority by prohibiting the imposition of additional public hearing requirements beyond those already required by law to grant the accommodation. This provision is intended to ensure that the approval process remains administrative, timely, and compliant with federal and state fair housing protections. The City Commission approved the ordinance on first reading on December 1, 2025.

**Staff Recommendation:** Approve Ordinance 1572-25 on second and final reading.

**Sec. 15-3. - Applicability.**

This Section applies to a certified recovery residence seeking a reasonable accommodation from applicable conditions, policies, procedures, processes, provisions, rules and requirements set forth in the City Code within the corporate limits of the City. This Section shall not supersede any declaration of covenants, conditions, or restrictions of a condominium, cooperative, or homeowners’ association governed by Chapters 718, 719, or 720, Florida Statutes.

Except for the seeking of a reasonable accommodation, the review and approval of a certified recovery residence is governed by the applicable conditions, policies, procedures, processes, provisions, rules and requirements set forth in the City Code.

**Sec. 15-4. – Application for Reasonable Accommodations.**

(a) Application. Applications for a reasonable accommodation under this Section under this Section from the applicable conditions, policies, procedures, processes, provisions, rules and requirements of the City Code that may hinder the establishment of a certified recovery residence shall be made in writing to the City of Lake Alfred Community Development Department on a form provided by the City and shall, at a minimum, provide the following information:

1. The name and contact information of the applicant making the request. If the applicant is not the certified recovery residence administrator who will be actively managing the certified recovery residence, the administrator’s name, contact information, and a copy of the administrator’s certification must also be provided. If the applicant is not the owner of the property where the reasonable accommodation is being requested, then the contact information for the owner must be included;

2. The location where the reasonable accommodation is requested, including the address and applicable parcel identification number;

3. A description of the reasonable accommodation(s) requested, identifying the applicable conditions, policies, procedures, processes, provisions, rules and requirements of the City Code for which the applicant needs reasonable accommodation(s), and why the reasonable accommodation(s) are necessary;

4. Certification stating the following:

I certify, under penalty of perjury, that the information provided in this application is true and correct. I understand that, if I knowingly provide false information with this request, my request shall become null and void;

5. Any additional information or documentation which the applicant feels is necessary to support the request for reasonable accommodation(s);

6. Copy of the applicable certificate of compliance; and

7. The signature of the applicant and date.

(b) Confidential Information. Applications for a reasonable accommodation under this Section should not include information or records specific and personal to any individual's medical diagnosis, prognosis, history, or treatment. Provided however, should the information provided by the applicant to the City include medical information or records, including records indicating the medical condition, diagnosis or medical history of the disabled, such disabled may, at the time of submitting such medical information, request that the City, to the extent allowed by applicable law, treat such medical information as confidential information of the disabled. The City shall thereafter endeavor to provide written notice to the disabled, and/or their representative, of any request received by the City for disclosure of the medical information or documentation which the disabled has previously requested be treated as confidential by the City. The City will cooperate with the disabled, to the extent allowed by applicable law, in actions initiated by such individual to oppose the disclosure of such medical information or documentation, but the City shall have no obligation to initiate, prosecute or pursue any such action, or to incur any legal or other expenses (whether by retention of outside counsel or allocation of internal resources) in connection therewith, and may comply with any judicial order without prior notice to the disabled.

(c) Review Process. The City Representative shall have the authority to consider and act on application(s) for reasonable accommodation(s), recertification of an approved reasonable accommodation, and amendment to an approved reasonable accommodation.

1. Upon receipt of an application for reasonable accommodation(s), which shall be submitted on the form provided by and submitted to the City of Lake Alfred Community Development Department, the application shall be date-stamped;

i. The City Representative may determine that additional information is necessary in order to reach a determination on an application for reasonable accommodation(s); and, in the event a request for additional information is required to process the application, the City Representative shall notify the applicant in writing (hereafter the "Written Notice") within 30 days following receipt of the application for reasonable accommodation(s) that additional information and/or the required minimum information was not submitted;

ii. The Written Notice shall identify the documents and/or information necessary to process the application;

iii. The applicant shall provide the requested documents and/or information identified in the Written Notice within 30 days; and

iv. If the applicant fails to provide the identified documents/information necessary to process the application within the above-referenced timeframe, the City Representative shall issue a written notice advising that the applicant failed to timely submit the additional information and therefore the application for reasonable accommodation(s) shall be deemed abandoned and/or withdrawn and no further action by the City with regard to said reasonable accommodation(s) application shall be required.

2. Within sixty (60) days of receipt of a completed application for reasonable accommodation(s), the City Representative shall issue a written determination approving, approving with conditions, or denying the application for reasonable accommodation(s);

3. In the event additional information is requested by the City Administrator, the 60-day time frame for issuing a written determination shall be extended by 30 days;

4. In reviewing the application for reasonable accommodation(s), the City Representative may conduct site visit(s) and/or utilize City consultant(s) in issuing a determination; and

5. If a written determination is not issued within 60 days after the receipt by the City of a completed application for reasonable accommodation(s), the application shall be deemed approved unless the time periods specified in this Chapter have been extended by mutual agreement of the parties with such extension confirmed in writing.

**Sec. 15-5. – Review Criteria.**

(a) Decisions on an application for reasonable accommodation(s) under this Section shall be based on making the minimum reasonable accommodation necessary to accomplish the

purpose of the request and meet the requirements of the Fair Housing Amendments Act of 1988, the Americans with Disabilities Act, and Chapter 2025-182, Laws of Florida.

(b) The applicant shall be required to establish that the operator and/or administrator of the certified recovery residence is qualified to provide such services and/or housing to qualifying individuals. An operator and/or administrator may establish its qualification by demonstrating that they are certified by the Florida Association of Recovery Residences, National Alliance for Recovery Residences, or other similar nationally recognized accrediting agency for recovery residences.

(c) *Alternative accommodation.* If the City Representative finds that the applied for accommodation(s) impose an undue financial and/or administrative burden on the City and/or require a waiver of the City's land use or zoning regulation(s), the City Representative may consider, determine, and propose other reasonable alternative accommodation(s) which would effectively meet the applicant's need(s). In considering and proposing other reasonable alternative accommodation(s), the City Representative shall utilize City consultants.

(d) *Application Fee(s).* Each applicant for approval of a reasonable accommodation from the application of conditions, policies, procedures, processes, provisions, rules and requirements set forth in the City Code shall pay any applicable cost recovery as provided in *Section 9.2.3.F.3 of the City of Lake Alfred Unified Land Development Code* which includes, but shall not be limited to, an application fee and to help defray the cost to the city of reviewing the application and making a determination as to whether or not the request for a reasonable accommodation satisfies the review criteria set forth in this Chapter.

#### **Sec. 15-6. – Determination.**

Within sixty (60) days of receipt of a completed application, the City Representative shall issue a written determination approving, approving with conditions, approving with reasonable alternative accommodation(s), or denying the application for reasonable accommodation(s). If no determination is issued within sixty (60) days of the City's receipt of a completed application, and no written extension of time and/or other extension of time is applicable, the application shall be deemed approved.

#### **Sec. 15-7. – Appeals.**

Pursuant to *Section 9.4.4 of the City of Lake Alfred Unified Land Development Code*, the Development Review Special Magistrate shall hear and decide appeals when it is alleged by the applicant and/or disabled that there is an error in any requirement, decision, or determination made by the City Representative in the administration and enforcement of this Chapter.

**Sec. 15-8. – Enforcement.**

(a) Stay of enforcement. While an application for reasonable accommodation(s), or an appeal of a determination on and/or for an application for reasonable accommodations, is pending, the City shall not enforce the conditions, policies, procedures, processes, provisions, rules and requirements set forth in the City Code against the applicant.

(b) Revocation. The approval(s) granted under this Chapter for reasonable accommodation(s) may be revoked or modified, as follows:

i. Any approved reasonable accommodation(s) shall be deemed revoked if the applicant or the property upon which the accommodation is granted is found in violation of any conditions of the approval granting the reasonable accommodation(s) by a court of law or by the special magistrate hearing code enforcement cases;

ii. The failure to obtain state certification(s), required state license(s), or the failure to maintain state certification(s), required state license(s), or alternate certification(s) permitted by this Chapter, shall result in revocation of the reasonable accommodation(s) and cessation of operations within sixty (60) days of termination of the license(s) and/or certification(s); and

iii. The City shall provide 30-days' written notice of any proposed revocation.

(c) Expiration of approvals. The approval(s) of and/or for reasonable accommodation(s) shall expire within one hundred eighty (180) days if not implemented and/or acted upon by the applicant.

(d) Reinstatement. If the certificate of compliance is reinstated within one hundred eighty (180) days of revocation, the accommodation(s) may be reinstated administratively by the City Representative.

**Sec. 15-9. – General Provisions.**

The general provisions set forth in this Section shall be applicable to this Chapter, as follows:

(a) Calculation of Time. The calculation of the number of days that have passed during any time period prescribed by this Chapter shall be based on Calendar Days (unless specified otherwise in this Chapter). Unless otherwise specified in this Chapter, the calculation of the number of days that have passed during any time period prescribed in or by this Chapter shall commence on the day immediately following the event triggering such time period. For purposes of this Chapter, unless otherwise specified herein, the tolling of any such time period(s) shall be in Calendar Days. In the event any time period or deadline identified in this Chapter expires

and/or falls on a Saturday, Sunday or City recognized holiday, said expiration and/or deadline shall be automatically tolled until 5:00 pm on the next available Business Day which the City is open for business to the public.

(b) For purposes of this Chapter, *business days* shall mean each calendar day which is not a Saturday, Sunday or a recognized holiday by the City of Lake Alfred, Florida.

(c) For purposes of this Chapter, *calendar days* and/or *days* shall mean any day in a 365-day calendar.

(d) *Date of receipt.* For purposes of this Chapter, an e-mail and/or submittal(s) sent electronically and received by the City Representative on or before 12:00 PM on a Business Day shall be deemed to have been received on the Business Day which the e-mail and/or submittals were sent. In the event an e-mail and/or submittal(s) are sent electronically and received by the City Representative on or after 12:01 PM on a Business Day, the e-mail and/or submittals shall be deemed to have been received on the next Business Day.

(e) A reasonable accommodation is specific to the applicant and shall not run with the land.

(f) A reasonable accommodation shall not excuse and/or waive an applicant's obligation to adhere to and comply with applicable law.

(g) *Public Notice of availability of reasonable accommodation(s).* The City shall display a notice in the City's public notice bulletin board (and shall maintain copies available for review in the Community Development Department and the Office of the City Clerk), advising the public that the disabled and qualifying entities may request a reasonable accommodation as provided in this Chapter.

**LAKE ALFRED CITY COMMISSION**  
**JANUARY 5, 2026**

---

**4.) Public Hearing: Ordinance 1573-26: Eden Hills Phase 3 PUD**

---

**Issue:** The City Commission will consider a Planned Unit Development request for Phase 3 of the Eden Hills development.

**Attachments:**

- Eden Hills Phase 3 site plan & PUD application
- Staff Report
- Planning and Zoning Board Minutes Excerpt

**Analysis:** The City has received a Planned Unit Development (PUD) application for phase 3 of the Eden Hills Community Development District (CDD) residential development. Phase 1 is entirely constructed, and Phase 2 infrastructure is complete, with homebuilding underway.

The Phase 3 PUD application continues the next phase of the development. The applicant would have gone through the standard zoning process, but the SB 180 legislation retroactively invalidated those standards. The applicant is applying under the alternate PUD standards for active recreation, which allow 1,000 square feet of active recreation to be organized into park space, or approximately 7.02 acres of recreation across 306 units. The park space was highlighted in green in the applicant's proposed site plan submittal.

The proposed development and application are a continuation of the Eden Hills phases. They are consistent with the previous development, providing for reduced lot sizes and an approximate density of 3.36 units per acre, which is below the 4-acre density required under the VRN zoning classification.

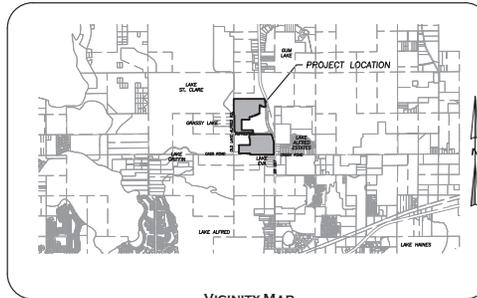

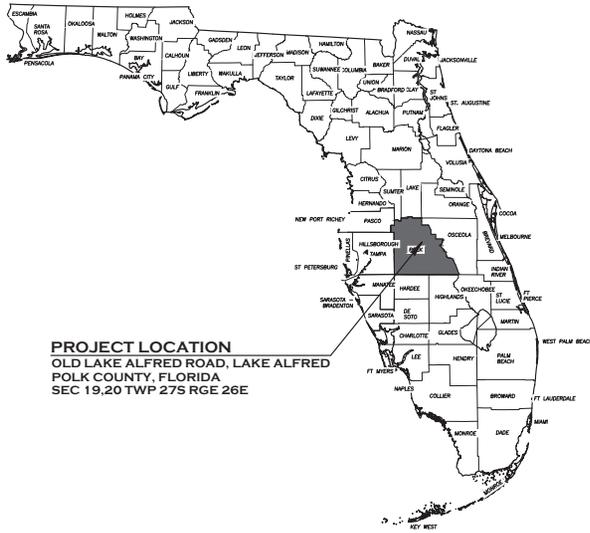

Notable conditions for the PUD include, but are not limited to:

- Florida Water Star requirements on residential units for water conservation.
- Required roadway improvements to Old Lake Alfred Road and Cass Road in accordance with county requirements.
- Park Space built to ULDC standards (sidewalks, playground pieces, exercise equipment, picnic tables, etc.)

On December 8, 2025, the Planning and Zoning Board voted 4:1 to recommend approval and forward the PUD to the City Commission for consideration. Because the property is in the Green Swamp Area of Critical State Concern, the ordinance will be transmitted to the Florida Department of Commerce for review.

**Staff Recommendation:** Approval of the Ordinance 1573-26, with the proposed conditions, on first reading.

### SUMMARY:

The applicant has requested the assignment of the Planned Unit Development Overlay District to accommodate a single-family home subdivision containing approximately 306 lots. The applicant has submitted a Master Site Development Plan (MSDP) proposing a density of 3.63 units per acre.

**CITY COMMISSION  
JANUARY 5, 2026**

Staff have reviewed the application for the assignment of the Planned Unit Development (PUD) overlay district for consistency with the City of Lake Alfred Future Land Use Element of the Comprehensive Plan and Unified Land Development Code. Per provisions of the adopted Ordinance 1566-25, ULDC Sec. 2.3.5. I.3, a Developer's Agreement is required for all PUDs. The required Developer's Agreement (DA) is currently being drafted and is scheduled to go before the City Commission, pending Second Read/ Adoption Hearing.

**BACKGROUND:**

The applicants have submitted a PUD Site Development Plan application related to the development of the referenced property. Additionally, there will be a Developer's Agreement. Per ULDC Sec.2.3.1.A., overlay districts provide a means to incorporate various development regulations across a specified area. These districts are specialized zoning designations that float over existing base zoning categories to supplement or supersede existing regulations. The Developer's Agreement specifies how concurrency requirements are met and special development considerations. Figure 1 shows a location map, and Figure 2 identifies the area included in the requests in relation to the other portions of the Eden Hills Subdivision.

This property, in conjunction with the other portions of the Berry property, was annexed into the City in 2004 (Ord. 1064-04). The Future Land Use classification on the property was approved as Very Low Density Residential and Conservation (Ordinance 1071-04), and then the zoning of Single-Family Dwelling and Conservation was assigned by Ordinance 1072-04. The offsite properties bearing parcel ID#s 262720000000032030 and 262720000000032020 were assigned the future land use classification of Conservation by Ordinance 1121-05 and the zoning designation of Conservation by Ordinance 1134-06. The City of Lake Alfred Future Land Use Map was further amended by Ordinance 1443-20 Comp Plan Map Series by which subject properties were assigned the Future Land Use categories of Residential and Conservation. Additionally, the City of Lake Alfred's zoning map was amended by Ordinance 1444-20 ULDC Map Series assigning the zoning categories of Vintage Residential Neighborhood District and Conservation to the subject properties.

A Development Agreement was approved with Jack M. Berry in 2005 to establish and define the rights and obligations of the Developer and the City regarding development of the site then known as Belmont Ranch. The agreement addresses impact fees, property dedications for utilities, road improvements, residential clustering, and open space requirements. The agreement was extended but expired on September 23, 2020. The Belmont Ranch Community Development District (CDD) was created in 2006 (Ord. 1155-06) to plan, construct, operate, and maintain the community infrastructure. The CDD was later dissolved in 2010 (Ord. 1266-10). A new CDD petition was established in 2019 (Ord. 1422-19).

**PLANNED UNIT DEVELOPMENT (PUD) REQUEST:**

The applicant, Cassidy Holdings, LLC and Lucerne Park Investment, LLC is requesting the assignment of the Planned Unit Development (PUD) Overlay District to the subject properties. The Future Land Use designation for portion of the property is Residential (RES), which permits residential planned unit developments. The applicant intends to construct the subdivision infrastructure first, followed by the development of single-family residential units for individual ownership. All properties will be platted into separate lots prior to the issuance of building permits.

The Master Site Development Plan covers approximately 132.94 +/- acres, including off-site utilities, recreation areas, and open space. The development proposes to incorporate standards from both the Planned Unit Development and Master Planned Community (Cluster Development) regulations while maintaining a single-family residential character.

**Compatibility:**

The property is located in an area that has Future Land Use designations of Residential and Conservation. It is in transition from its current agricultural uses. Properties of this type are generally annexed into municipalities to transition from agriculture to residential. The residential densities are often based on the adjacent areas and the availability of City services. This property was annexed in 2004 but never developed. The properties in the area are limited by the Green Swamp Area of Critical State Concern overlay district and the Conservation Future Land Use and Zoning based on the environmental conditions.

**Density:**

The Master Development Plan specifies that the Eden Hills Phase 3 project will include no more than 306 single-family units, resulting in a density of 3.63 units per acre (Condition #1). This density is comparable to surrounding neighborhoods and is permissible under the current zoning districts. Additionally, it is consistent with the maximum density of 4 units per acre allowed by the Comprehensive Plan for the applicable zoning category.

**CITY COMMISSION  
JANUARY 5, 2026**

**Public facilities and services:**

The proposed project is not anticipated to degrade the Level-of-Service (LOS) standard of infrastructure and public service facilities within the surrounding area.

Potable Water:

The City of Lake Alfred will provide potable water services for the property and its development. The 2030 Comprehensive Plan establishes a potable water level of service of 277 gallons per equivalent residential unit (ERU) per day for residential uses for water, which would total 84,762 gpd based on ERU for 306 units. The City has the capacity to serve the project, and water facilities are located in the area. The City has a 12-inch water main located on the east side of Highway 557, which has available capacity to serve future development on the subject site. The developer will be responsible for connecting to the City's potable water system.

To ensure capacity, the City has continued its involvement with and has entered into interlocal agreements with the Heartland Water Alliance (HWA), Central Florida Water Initiative (CFWI), and the Polk Regional Water Cooperative (PRWC) program, as well as acquired additional properties to facilitate the construction of an additional water treatment plant to cater to the increasing demands.

Central Wastewater:

The City has a 12-inch force main located on the west side of Highway 557, which has available capacity to serve future development on the subject site. Future development of this property will be required to connect to the wastewater lines. The City determines the wastewater level of service rates based on the maximum development potential of the land. The 2030 Comprehensive Plan establishes a wastewater level of service rate of 130 gallons per equivalent residential unit (ERU) per day, which would be 39,780 gpd based on ERU. The project is proposed to be connected to the existing 8-inch force main at Old Lake Alfred Road and Cass Road in Phase 2 of Eden Hills or the existing force main along CR 557. A lift station is also proposed to be constructed in the northeast corner of Phase 3.

Solid Waste:

Per the City of Lake Alfred Comprehensive Plan, the Level of Service (LOS) for solid waste is a disposal of 8.00 pounds per person per day. Lake Alfred transfers solid waste collected in the City to the Polk County Landfill. As the operators of the landfill, the County plans for the capacity of all municipalities in the County and unincorporated areas. The proposed future development of the site are not anticipated to negatively impact the City's or County's ability to provide solid waste collection services.

Stormwater

City of Lake Alfred Comprehensive Plan -Policy 3.6- No development permit will be issued if it will result in the inability of the City to maintain the Levels of Service at or above the levels

**CITY COMMISSION  
JANUARY 5, 2026**

established in this plan. Additionally, according to the City of Lake Alfred Comprehensive Plan, the LOS for Stormwater Management Facilities for new development is for it to be designed for a 25-year, 24-hour storm event.

Policy 2.3.7: Gross impervious surfaces within the Green Swamp ACSC shall be kept to a minimum by limiting paved areas and encouraging alternatives to impervious paving surfaces.

Policy 2.3.8: Stormwater retention facilities must retain the first three inches of runoff from substantially paved areas.

City of Lake Alfred Unified Land Development Code- Sec.2.3.3.K.6.e.i: LID strategies shall meet all stormwater management requirements required by the Southwest Florida Water Management District and any other permitting agencies.

The development is proposing an overall site ISR of 40% with a lot ISR of 59%. The development is proposing the use of shallow dry retention ponds. These retention areas shall meet requirements as stipulated in ULDC Sec.2.3.3.K.6.d.i (Condition # 2)

Florida Water Star certifications for the residential and recreational/amenity buildings. The certification would cover indoor plumbing, landscaping, and irrigation elements. (Condition #3)

Traffic/Transportation:

The subject site has frontage along Highway (CR) 557 and Old Lake Alfred Road, which serve as the primary access points for the site. The Polk County Transportation Planning Organization Roadway Network Database 2023 classifies these roads as Urban Collectors and is owned and maintained by Polk County. See traffic impact calculations provided below.

*Source: 2023 Polk County Roadway Network Database*

CR 557 is currently in Polk County’s Capital Improvement Plan to widen this road from 2 lanes to 4 lanes to increase its capacity. Funds have been allocated through 2025, totaling \$82,735,000. Polk County is currently negotiating a proposed draft agreement with the developer. However, the developer will be required to make off-site roadway and improvements in conjunction with this project. The details of the scope of work for the project depicted in the attached permit will be changed and/or approved as deemed necessary by Polk County. (Condition #4).

**CITY COMMISSION  
JANUARY 5, 2026**

Airports:

The subject site is not located within an Airport Buffer Zone.

Police and Fire:

Lake Alfred Fire Department, Lake Alfred Police Department, and Polk County Fire Rescue facilities are located within approximately 2.1 miles of the subject site. The City and County have the full capacity to serve the area.

Recreation:

The proposed development currently meets the recreational level of service established in the Comprehensive Plan by providing approximately 8.21 acres of recreation area in the Master Site Development Plan, including a 5-foot-wide pedestrian trail around the wetland and retention area to the north and south of the properties. In addition, this development will be required to meet the new active recreation standards which include a publicly accessible pocket park, neighborhood or community park within a five (5) minute walk of every residential unit. Two (2) neighborhood parks, six (6) Pocket parks, and one (1) Community Park and several trail systems are proposed and shall provide recreation facilities consistent with the new park ULDC provisions adopted by Ord 1566-25 (Condition #5).

School Impacts:

The Polk County School Board reviewed the application for impacts on the surrounding school system in conjunction with the other development applications in the area. They issued a binding school concurrency determination letter dated September 11, 2024 (attached) stating, "Therefore, this letter is a finding of adequate capacity to serve the proposed development." The number of units being proposed has since decreased from 498 units, as stated in the letter, to 306 units.

Environmental Conditions and Impacts:

Wetlands and Floodplains:

There are wetlands and floodplains within the "X" and "AE" Special Flood Hazard Area surrounding the subject property, which borders Lake Eva and Camp Lake. These areas are assigned to the Conservation future land use and zoning designations, which prohibits development. ULDC Section 7.3.4.D requires natural vegetative buffer areas to be retained between all development and all wetlands where such buffer areas exist. The applicant is proposing that the 50-foot wetland setback area be left in its natural state.

Protected Species:

The owner/applicant will be required to coordinate with appropriate regulating and permitting agencies, including submittal to the City, any required studies, and/or permits necessary to ensure compliance and protection of any protected species that may be on the site before any site development. (Condition #6)

**CITY COMMISSION  
JANUARY 5, 2026**

Dear Ms. Wertz:

This letter is in response to your request for a **binding school concurrency determination** for the proposed **Eden Hills Phase 3** project located on parcel number 262720-000000-042010, 262720-000000-042030, 262720-000000-044010, 262720-000000-032040, 262720-000000-032010, 262720-000000-032030, and 262720-000000-032020. Currently there is sufficient capacity at the **zoned** High school. There is insufficient capacity at the zoned elementary, and middle school; however, between the zoned and adjacent schools there is adequate capacity. **Therefore, this letter is a finding of adequate capacity to serve the proposed development.** Please see the table below for concurrency analysis.

The School Board of Polk County has encumbered the available capacity **pending** the certificate of concurrency from the city of Lake Alfred.

Prior to the city of Lake Alfred's issuance of a final development order (**approved platting**), the seats will be reserved for a period of 18 months in accordance with Section 4.E.2 (a & d) below of the adopted Interlocal Agreement for Public School Facilities Planning.

Once the final development order has been issued by the city, the development must have proceeded to the horizontal construction phase prior to the end of the eighteen (18) month period for reserved capacities and the agreement to remain valid. At a minimum, this construction shall include rough lot grading consistent with an approved Water Management District Stormwater Permit. The construction phase shall exclude model homes.

4.E.2d. If the development does not proceed to construction with the specified period and school concurrency lapses, then the applicant may request the affected local government to issue a renewed certificate of school concurrency. As part of this request, the applicant must confirm that relevant project information remains the same as previously submitted or provide updated project details. The local government will renew the certificate of school concurrency if the School Board determines that there continues to be adequate school capacity to serve the proposed development subject to the provisions of 4.E.1.

After the eighteen (18) month period, if the governing municipality withdraws, terminates, or suspends the concurrency, then the applicant must reapply for school capacity determination. Please call the facilities planning and real estate department at 863-534-0620 ext. 581 or email at [planning@polk-fl.net](mailto:planning@polk-fl.net) if you need any further assistance.

The following are excerpts from the Planning and Zoning Board minutes held on December 8, 2025, for the Eden Hills Phase 3 PUD Site Development Plan from Deputy City Clerk Lita O'Neill.

**Chair Gearhart** introduced the first business item for consideration on the agenda and invited staff to present.

### **Business Item No. 1: Eden Hills Phase 3-PUD Site Development Plan**

**The Interim Community Development Director** gave an overview of the proposed Phase 3 Planned Unit Development (PUD) for the Eden Hills Community Development District, followed by a more detailed analysis from the City Planner.

**The Interim Community Development Director** explained that standard zoning provisions were invalidated by Senate Bill 180, so the applicant is proceeding under alternate PUD standards. These standards require 1,000 square feet of active recreation space per unit, totaling about 7.02 acres of park space. This area includes the proposed pocket parks shown on the site plan, shaded green on the map. Additionally, the proposed development application is a continuation and is consistent with the previous phases of Eden Hills, providing for reduced lot sizes and an approximate density of 3.36 units per acre, which is below the four units per acre density required by the VRN zoning classification in the Green Swamp Overlay District. Notable conditions for the PUD include the Florida Water Star requirements on residential units for water conservation. While this is required in the standard code, it is also emphasized in the PUD standards. Each residential unit that is constructed will have to meet Florida Water Star standards. This includes front-lawn irrigation, reduced turf area, and Water Star appliances within the homes.

**The Interim Community Development Director** explained that County Road 557 is currently in the county's capital improvement plan for widening from two lanes to four lanes, and the developer will be required to make off-site roadway improvements in conjunction with this project. Since CR 557, Cass Road, and Old Lake Alfred Road are all under the county's jurisdiction, not the city's, the timing of the roadway improvements will be determined by the county; however, one of the conditions of this PUD is that road improvements be completed on Cass Road and Old Lake Alfred Road.

**The Interim Community Development Director** yielded to the staff planner for a detailed presentation and analysis.

**The City Planner** noted the public noticing requirements were met for the public hearing and stated the applicant's name, Heather Wertz, Absolute Engineering, on behalf of the property owners, Cassidy Holdings, LLC, and Lucerne Park Investment, LLC.

**The City Planner** provided the staff report and analysis.

The location of the project was noted as located west of CR 557, North, South, and East of Old Lake Alfred Rd, further described as parcels 262720-000000-042010, 262720-000000-042030, 262720-000000-044010, 262720-000000-032040, 262720-000000-032010, and offsite parcels 262720-000000-032030, 262720-000000-032020, 262719-489375-004080, and 262719-489375-004090.

The applicant's request is to add the assignment of the Planned Unit Development (PUD) Overlay designation to accommodate a single-family home subdivision containing approximately 306 lots. The applicant has submitted a Master Site Development Plan (MSDP) proposing a density of 3.63 units per acre.

Staff reviewed the application for the Planned Unit Development (PUD) Overlay District for consistency with the City of Lake Alfred Future Land Use Element of the Comprehensive Plan and the Unified Land Development Code. Per provisions of the Commission-adopted Ordinance 1566-25, ULDC Sec. 2.3.5. 1.3, a Developer's Agreement is required for all PUDs. The required Developer's Agreement (DA) is scheduled to be presented before the City Commission at second reading/adoption hearing.

The applicant requests assignment of a residential Planned Unit Development (PUD) Overlay District to the subject properties. The existing Future Land Use designation is Residential (RES), which allows residential planned unit developments.

The Master Site Development Plan (MDP) covers approximately 132.94 acres, including off-site utilities, recreation areas, and open space; and, pursuant to Section 9.6.2.D of the City of Lake Alfred Unified Land Development Code (ULDC), the MDP includes certain variance request(s) which are included as part of the joint review application.

The development proposes to incorporate standards from both the Planned Unit Development and Master Planned Community (Cluster Development) regulations while maintaining a single-family residential character.

**The Interim Community Development Director** informed the Board that the original Phase 3 plan was designed to extend to CR 557. The number of units in the Eden Hills Phase 3 site plan has been reduced due to the project's reduced size.

**Chair Gearhart** opened the floor for public comment after staff completed their presentation.

**George Machonas**, who stated he owns three parcels across the street from the subject property, expressed concerns about public safety from CR 557 to Old Lake Alfred Road.

**The Interim Community Development Director** stated that certain road improvements will be made concurrently with the development of the subject property.

**Jasmine Felix**, 2023 Airedale Way, who moved here in 2024, expressed concerns about commercial development because she likes the small-town feel of Lake Alfred.

**The Interim Community Development Director** stated that the City has requested that road improvements be completed as a condition of this development.

**Ms. Felix** asked whether the road improvements would be completed before vertical construction.

**City Attorney Seth Claytor** explained the concurrency process as related to development projects. Attorney Claytor stated that the Developer's Agreement would include specific conditions requiring the developer to complete certain improvements before issuing any certificates of occupancy.

**Ms. Felix** asked whether this condition would apply to the proposed commercial development along CR 557. **City Attorney Claytor** noted that is a separate issue from the item in front of the Planning Board. **The Interim Community Development Director** explained that the applicant is only going to make the road improvements required within the scope of this development. The intersection is slated to be improved, whether the commercial development comes through or not.

**Ms. Felix** thanked staff for the response.

**Jennifer Lowe**, 1116 Old Lake Alfred Road, asked for clarification about the definition of a road improvement.

**The Interim Community Development Director** explained that the roads must meet county standards. The road in question is a county urban collector road, and the county must build to those standards.

**The Interim Community Development Director** stated that the County has designed improvements, right-of-way acquisition is well underway, environmental permitting is done, and the bid process is about to begin.

**Ms. Lowe** stated that she appreciated the staff explanation.

**Mr. Machonas** asked for clarification about the condition of not approving certificates of occupancy before the road improvements are completed. Staff stated that the Planning Board and the City Commission would need to weigh that condition and determine whether to recommend taking that action.

**Lucky Lowe**, 1116 Old Lake Alfred Road, stated that he loves Lake Alfred. He stated that the simplest thing to do is to fix the city's roads.

**The Interim Community Development Director** responded that Cass Road, Old Lake Alfred Road, and County Road 557, are all county roads.

**Rennie Heath** with the Cassidy Land Development Group, 326 East Central Avenue, Winter Haven, stated that a comprehensive traffic study was done on the site. Widening of Old Lake Alfred Road is planned to include a 24-foot-wide pavement with sidewalks on both sides of the road, extending all the way to Cass Road. We also plan to mill and overlay Cass Road from the intersection of Old Lake-Alfred Road and Cass Road to the west. We will also put turn lanes into the phases of the subdivision that already exist. The reason we do this work concurrently when building developments is that the contractors with the equipment are already out there, and it makes good sense to do it all at the same time.

**Mr. Heath** stated that the project's civil engineer could answer any questions.

**Board Member Nigg** asked Mr. Heath for Polk County paperwork showing the work the county requires of the applicant. **Mr. Heath** explained that he is working with the City of Lake Alfred to draft a Developer's Agreement.

**Board Member Pestone** asked for clarification on the width of the road, both as it exists and as proposed.

**Jennifer Lowe**, 1116 Old Lake Alfred Road, asked what year the traffic study was conducted and who conducted it. Ms. Lowe asked for a copy of the traffic study, and staff noted that it is available through Polk County.

**City Attorney Claytor** commented that the Developer's Agreement and any construction drawings that identify the right-of-way improvements will be before the City Commission at a future public hearing upon second reading of the ordinance considering adoption of same.

**The Interim Community Development Director** asked for contact information from anyone interested in obtaining the items related to an actionable plan, and copies could be provided.

**Ms. Lowe** thanked staff for the response.

**Chair Gearhart** closed the public comment portion of the meeting and opened the floor for questions from the Board.

Staff answered questions from the Board.

The Project Engineer, **Heather Wertz**, from Absolute Engineering, Inc., addressed questions that were raised about the buffer around Lake Eva. The topographic site plan shows a 50-foot-wide buffer from the lakefront, with sufficient topographic relief to accommodate a dry retention pond near the lake.

**Ms. Wertz** explained that the dry retention ponds are for the collection and conveyance of stormwater to those ponds for retention up to the 100-year storm event. This stormwater is collected in a series of curb inlets and stormwater pipes into the retention pond.

**Chair Gearhart** stated the motion to approve should be contingent on whether the Cass Road and Old Lake Alfred Road improvements are completed before Certificates of Occupancy are issued.

**Board Member Nigg** requested that the map clearly show conservation areas in this project.

**City Attorney Claytor** commented that there may be environmentally sensitive areas, such as delineated wetlands, that may not be zoned as conservation, but are still protected areas.

**The Interim Community Development Director** stated that a separate map showing all conservation areas, aquifer recharge, and open space will be included.

**Chair Gearhart** closed the floor for Board discussion and questions and entertained a motion from the Board.

**Board Member Fountain** made a motion that the Planning and Zoning Board forward the proposed Planned Unit Development Overlay District and Site Development Plan to the City Commission with a recommendation of approval, with the following modifications:

- Road improvements required by Polk County, subject to this development, are completed before a certificate of occupancy is issued for this phase of the project.
- A separate map that delineates all conservation areas, aquifer recharge, and open space will be included.

**Board Member Pestone** seconded the motion.

A roll call vote was taken.

- Chair Gearhart – Aye
- Vice Chair Pestone – Aye
- Board Member Fountain – Aye
- Board Member Arnold – Aye
- Board Member Nigg – Nay

The motion passed with four votes in favor and one against.

**7.) Developers Agreement: Lowery Hills Utility Upsize**

---

**Issue:** The City of Lake Alfred will consider entering into a developers agreement for utility upsizing credit.

**Attachments:**

- Developer's Agreement

**Analysis:** The Lowery Hills development is a Community Development District (CDD) comprising approximately 217.5 acres and 678 single-family homes upon buildout. The development is generally located north of the railroad tracks and south of Lake Lowery along Old Lake Lowery Road.

The subdivision was developed under the master-planned community (cluster) provision, and staff have worked with the applicant to ensure compliance with the Unified Land Development Code (ULDC). As a part of the development process, the owner agreed to upsize certain utility lines from 8" to 12" to support future connections.

The City requested these enhancements to facilitate future connections consistent with our utility master plans. The cost difference between what was required to serve the development and the upgrades requested to provide future capacity is available as a credit back to the owner.

**Staff Recommendation:** Approval of the Utility Upsize Developers Agreement with Lowery Hills.

§23.0 **Recordation.** This Agreement shall constitute a covenant running with the Property and be recorded in the Public Records of Polk County, Florida.

§ 24.0 **State Law Compliance.** The following provisions are included to comply with Florida State Statutes:

- (a) ***Scrutinized Companies.*** Section 287.135 of the Florida Statutes states that a company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with the CITY for goods or services in any amount if at the time of bidding on, submitting a proposal for, or entering into or renewing a contract if the company is on the *Scrutinized Companies that Boycott Israel List*, created pursuant to *Section 215.4725 of the Florida Statutes* or is engaged in a boycott of Israel; or for One Million Dollars (\$1,000,000.00) or more if, at the time of bidding on submitting a proposal for, or entering into or renewing a contract, the company is on the *Scrutinized Companies with Activities in Sudan List*, the *Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List*, created pursuant to *Section 215.473 of the Florida Statutes*, or is engaged in business operations in Cuba or Syria. By executing and/or entering into the Agreements, DEVELOPER certifies that it does not and did not at any time since the submission of a response to the City's initial solicitation participate in a boycott of Israel; that it is not on the *Scrutinized Companies that Boycott Israel List*, *Scrutinized Companies with Activities in Sudan List*, or the *Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List*; and that it does not engage in business operations in Cuba or Syria. DEVELOPER understands that a false certification may subject it to civil penalties, attorneys' fees and costs pursuant to Section 287.135 of the Florida Statutes and that the CITY may terminate the Agreements at the CITY's option if the DEVELOPER is found to have submitted a false certification.

- (b) ***Public Entity Crimes; Convicted Vendor List.*** A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal and/or bid on a contract to provide any goods or services to a public entity, may not submit a proposal and/or bid on a contract with a public entity for construction or repair of a public building or public work, may not submit bids on leases of real property to public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, vendor or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in *Section 287.017 of the Florida Statutes* for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list. By executing the Agreements, DEVELOPER certifies that it is not on the convicted vendor list.
- (c) ***Drug-Free Workplace.*** By executing the Agreements, DEVELOPER certifies that it has a drug-free workplace and has a substance abuse policy in accordance with and pursuant to *Section 440.102 of the Florida Statutes*.
- (d) ***E-Verify.*** By entering into the Agreements, DEVELOPER becomes obligated to comply with the provisions of *Section 448.095(5)(a), Florida Statutes*, to register with and use the E-Verify system to verify the work authorization status of all new employees of the DEVELOPER and any subcontractor hired by the DEVELOPER. If the DEVELOPER enters into a contract with a subcontractor, the subcontractor must provide the DEVELOPER with an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Failure to comply will lead to termination of the Agreements, or if a subcontractor knowingly violates the statute, the subcontract must be terminated immediately. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If the Agreements are terminated for a violation of the statute by the DEVELOPER, the DEVELOPER may not be awarded a public contract for a period of one (1) year after the date of termination.
- (e) ***No Consideration of Social, Political, and Ideological Interests.*** DEVELOPER acknowledges receipt of notice from the CITY of the provisions of *Section 287.05701 of the Florida Statutes* which prohibits local governments from giving preference to a prospective vendor and/or contractor based on the prospective contractor's social, political or ideological interests or requesting documentation from, or considering, a prospective contractor's social, political, or ideological interests when determining if the prospective contractor is a responsible vendor. DEVELOPER affirms and agrees that the CITY did not request any documentation about, or give any consideration to, the DEVELOPER's social, political, or ideological interests in negotiating, awarding, and/or entering into the Agreements.
- (f) ***Contracting with Foreign Entities.*** By executing the Agreements, DEVELOPER certifies that it is not owned by the government of the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian

Arab Republic (collectively “Foreign Countries of Concern”), nor is it owned by any agency of or any other entity of significant control of any such government. Further, DEVELOPER certifies that no government of a Foreign Country of Concern has a “controlling interest” in DEVELOPER as the term is defined in *Section 287.138(1)(a) of the Florida Statutes*, nor is the DEVELOPER organized under the laws of a Foreign Country of Concern, nor does the DEVELOPER have its principal place of business located in a Foreign Country of Concern. If the Agreements permit the DEVELOPER to access the personal identifying information of any individual, DEVELOPER agrees to notify the CITY in advance of any contemplated transaction that would cause DEVELOPER to be disqualified from such access under *Section 287.138 of the Florida Statutes*. DEVELOPER agrees to furnish the CITY with an affidavit signed by an officer or representative of the DEVELOPER under penalty of perjury at any time and upon request that the statements in this paragraph are true and correct.

- (g) ***Human Trafficking Affidavit.*** DEVELOPER shall be required to execute the *Human Trafficking Affidavit* attached hereto as **Exhibit “C”** simultaneously with and prior to providing the Services hereunder.
